SIR,

The Officer Commanding the 3rd Battalion reports that owing to the dearness of food grains the men of his Regiment are in great distress and requests that they may be granted Compensation batta at the same rates as were allowed during the famine of 1876-77-78.

In Government Notification No: 438 dated 20th March 1877, Compensation batta was sanctioned to all Servants of the Mysore Silledar and Barr Force below the rank of Commissioned Officers, as the selling rate of ragi fell below a minimum rate of 18 Seers per rupee; the batta was computed at the difference between this and the average selling rate during the month as Certified by the Deputy Commissioners of the Districts, and the allowance to each man of the Force was one seer per diem.

As ragi is now sold at less than 18 Seers per rupee, I have the honor to request you to be so good as to obtain early orders of Government for a similar

Concession

Sir,

I have the honor to inform you, with reference to your letter No 2424 dated 8/12th May 1900, that the question raised is a very large one affecting a large body of men such as the Barr, Office Peons, etc.

When the price of grain renders such a step necessary Government will consider the advisibillity of a general measure of the sort you propose. Until then Government is not prepared to sanction any change in existing rates of pay.

I am to point out that the Imperial Service Troops are entertained for special purposes and receive special rates of pay and the facts that they receive compensation is no argument for such a grant being given to Troops entertained for other purposes.
